

Dear folks,

My name is Claudia Caldara, I'm Italian based back in Italy since 3 years after almost 10 spent abroad, in Germany and UK.

I have an economics degree and I worked in the fashion business for the first part of my career.

I used to work for big companies and for start ups and scale up, learning to develop an open mind business attitude, working with international teams, aiming to reach new goals.

One year ago, also thanks to the Covid period we have faced, I started to move into the IT business, I signed for a Master in digital product management and I'm facing a new professional chapter of my life.

My suggestion is to follow your dreams, to read tons of books, to keep learning and to travel.

Feel free to contact me on LinkedIn, I will be more than glad to get in touch with you,

Claudia Caldara
